

TrenStar introduced RFID Trackable Pallets made from 100% Recycled Plastic.

TrenStar reemphasises its contributions to a Positive, Sustainable Environment

TrenStar provides and facilitates the use of returnable packaging, which has significantly reduced single-use packaging throughout our clients' supply chains. As part of this commitment, we are proud to introduce 100% recyclable plastic pallets integrated with RFID technology. This innovative move aims to achieve several important objectives:

- ◆ **Contributing to a Positive, Sustainable Environment**
- ◆ **Growing the Circular Economy**
- ◆ **Improving Sustainability**
- ◆ **Reducing Environmental Impact**
- ◆ **Multiple-Use Cycles**

By encouraging adopting environmentally friendly practices, we actively contribute to sustainability goals across various industries.
